Treatment of Tramps.

A number of tramps have during the past week been bivouacking a short distance west of Alexandria. They have prowled about the city during the day importing people for money with which they bought beer by the keg. The liquor was taken to their retreat where bacchanalian orgies were indulged in. Mayor Simpson has adopted an effective plan to rid the city of this undesirable class of visitors and during the past few days when the itinerants have been brought before him he put them in confinement on bread and water for five days as a preliminary course, after which they were liable to be placed on the chain gang. When tramps ascertain the fate which awaits them here they will give Alexandria a wide berth.

General Fight.

About twelve o'clock last night three residents of this city and four tramps became involved in a difficulty in a barroom in the western part of the city, during which beer bottles and stones were used as missiles. Acting Chief Knight with Officers Mayhugh, Nicholson, Griffin, Arrington, Young, Smith, Allen and Ticer appeared on the scene and arrested seven of the participants. One of the Alexandrians forfeited \$5 collateral by failing to appear when the case was called this morning; two were fined \$5 each and the tramps were ordered to be locked up during the next five days on bread and water. A warrant was issued for the arrest of another Alexandrian who was a participant in the affray.

Boat Race.

The annual regatta and house opening of the Potomac Boat Club will take place at Georgetown this evening. The regatta will start promptly at 6:30 o'clock. A large delegation including a number of ladies from Alexandria went up and will be the guests of the Potomacs.

The Old Dominion Club of this city has entered a crew. Their race will be the third junior four-oared shells. The crews are as follows: Old Dominion of Alexandria;—Herbert, 1; Burke, 2; Bryant, 3; Bryan, stroke. Analostans;—Burke, 1; Whippley, 2; Sizer, 3; Nevius, stroke.

After Unlicensed Dogs.

The policemen are still finding unlicensed dogs in different parts of this city and the owners are made to pay one dollar in addition to the amount required for a license. The city is being scourged by the officers who are using every means to rid the city of untaxed curs. Every morning some delinquent is before the Mayor urging an excuse for not having complied with the law. His honor almost invariably rejects these excuses as invalid and imposes the fine provided in such cases.

Personal.

Miss Meryl Goldsmith is visiting her uncle, Mr. L. L. Brager, of 1817 Linden avenue, Baltimore.

Mr. E. H. Houston, of Winchester, is visiting friends in this city.

Mr. L. M. Blackford and Mr. J. M. Blackford, of this city, sailed from New York today on the Atlantic Transport line steamship Mesaba, for London.

Mrs. F. B. Ewing and family have gone to Culpeper county.

The Market.

The supply of country produce in market this morning about equalled that of last week. Prices, however, were weaker for nearly all varieties. Good butter sold at 20¢ a pound. Eggs were 18¢ a dozen. Tomatoes were not so plentiful. There was an abundance of other seasonable vegetables which were offered at reasonable figures. The attendance of buyers was not so large on account of the rainy weather.

More Rainy Weather.

Jupiter Pluvius was in evidence again today, the rain which began to fall early in the morning continuing at intervals. The wind, which had been from the northwest since the beginning of the week, changed to the southeast yesterday. Cloudy weather followed last night, bringing rainy conditions by daybreak. The temperature is still 1d.

Law Regarding Marriages.

Section 2229 of the code of Virginia, regarding the issuance of marriage licenses and the celebration of the rites of matrimony is as follows:

The certificate to be issued by clerk with license; the return to be made by person celebrating the marriage. The clerk issuing any marriage license shall, at the time, ascertain from the party obtaining such license, as near as may be, the date and place of the proposed marriage, the full names of both parties, their ages and condition before marriage (whether single, widowed, or divorced), the places of their birth and residence, the names of their parents and the occupation of the husband, and make a certificate thereof, and deliver it together with the license to the person entitled thereto. It shall be the duty of every minister or other person celebrating such marriage, within two months after the same has been celebrated, to return such license and certificate of the clerk, together with his own certificate of the time and place at which the said marriage was celebrated, to the clerk who issued the said license. Any minister violating the provisions of this section shall be liable to a fine of not less than five dollars and not more than ten dollars for each offense.

Fortunate Discovery.

About twelve o'clock last night Mrs. Ellen Christy, who lives on the north side of King street, near Fairfax, saw fire on the first floor of E. S. Leadbeater & Son's store, on the opposite side of the street, next to the corner of Fairfax. She notified the police and acting Chief Knight with Officers Gill and Chief Engineer Pettet hastened to the store. It was seen that a gas stove which was burning had set fire to a bench on which it was placed and that the blaze from the bench had ignited the floor. The fire was rapidly gaining headway and the windows were broken and the officers and Chief Pettet entered. No fire extinguisher could be seen and the officers found it difficult to subdue the fire. An extinguisher, however, was procured from the E. J. Miller & Co. china store, on the opposite side of the street, after which the fire was effectually quenched. Considerable consternation was caused people living in the block, as it was realized that had the fire gained sufficient headway before being discovered it would have proven stubborn by reason of the large quantity of oils, paints, &c., stored in the building.

Arrested for Shoplifting.

Eva and Bertha Walker, two handsome and fashionably attired young women, were arrested in Washington yesterday on the charge of shoplifting. At the time of their arrest they had on them a vast assortment of stolen goods, which they admitted having secured from six of the largest department stores of the city, and a search of their home in Alexandria county revealed a variety of things stolen from these stores and two others, making eight charges of petty larceny. They were caught in the act of stealing a pair of gloves at the Palais Royal. A search at police headquarters revealed the presence of stockings, garters, hats, parasols, silks and ribbons, and other articles. It was found that they carried large paper envelopes in which to slip the stolen articles, so that they would not have to carry unwrapped articles from the stores. These in turn they slipped into a large shopping bag. When the detectives visited the home of the girls they found them to be the daughters of a respectable farmer living near Walker Chapel. The father and mother expressed the greatest surprise.

Alexandria County Supervisors.

A meeting of the board of supervisors was held on Monday.

The county surveyor was directed to prepare specifications for repairing Ballston road from the crossing of W. A. & F. C. R. R. at Clarendon to the county line, and to prepare plans and specifications for constructing abutments and iron bridge over Four Mile Run at Cowden station.

John F. Hagan resigned as road overseer for Washington District and Chas. D. Birch was recommended by the board to the judge of county court as a suitable person for appointment.

Contract for painting jail was awarded to Chas. Kronk at \$85.

Contract for constructing bridge over Four Mile Run was awarded to P. J. Pullman at \$305.

W. C. Wibird filed a statement showing the amounts collected and disbursed since the last report.

In re-granted the right to construct a road connecting with the block pavement in Jackson City.—[Monitor.]

The New Ferry Boat.

Information concerning the whereabouts of the ferry steamer George Washington, which left New York Thursday for this port, is meagre. The officers of the Norfolk steamer which arrived up this morning saw nothing of her in the river or bay, although one of the hands on the boat was positive in stating that he saw the George Washington in Norfolk yesterday evening. He said he read the name on the steamer and his description answered in every respect that of the tugboat which is towing the steamer west into Norfolk to coal. Mr. J. B. Padgett, general manager of the Washington Ferry Company, says he was notified of the departure of the steamer from New York on Thursday, and knew nothing of her whereabouts today.

Burning of a Stable.

The alarm of fire between ten and eleven o'clock last night was caused by the burning of a stable in the rear of Mrs. Wesley Makely's residence, on Henry street, near Wilkes. The flames were soon extinguished. When the fire was discovered locomotive whistles at the Southern Railway depot sounded an alarm and the sudden illumination of the sky caused many to suppose that the new power house or carpenter's shop of the railway company was burning. The excitement, however, was soon allayed and the fire was speedily extinguished.

Charter.

Judge Barley has approved the charter of the United States Realty Company, of Washington, the objects of which are to buy and sell real estate and to build houses, &c. The capital stock is \$25,000 and is not to exceed \$900,000. The officers are A. E. Randle, president; A. A. Wilson, vice president; and W. D. Hoover, secretary and treasurer, all of Washington. Mr. J. R. Caton is named as the local attorney.

Property Sales.

Capt. R. F. Knox, auctioneer, sold today in front of the Royal street entrance to the Market building for the trustees of the New Era Building Association of Alexandria a lot of ground 14x58 feet situated on the west side of Patrick street, between Princess and Queen streets, with the buildings thereon to Ed. P. Dixon for \$325, cash. The property advertised by Mr. S. H. Hunt for sale today was not offered, a settlement having been made.

Messrs. M. B. Harlow & Co., real estate agents, have sold for the owner, Mr. Peter Hall, a brick dwelling No. 303 north Columbus street, to Mrs. Ella J. Allison; also to Mrs. Mary L. Roche, a brick dwelling No. 307 north Columbus street; also to Miss Mary A. Fannon, a brick dwelling No. 309 north Columbus street; also to Mr. Lambert D. Lyles, dwelling No. 124 north Fayette street; also to Mr. A. B. Grover the frame dwelling No. 916 Gibson street.

J. M. Johnson, special Commissioner, has sold three undivided fourths of the square bounded by Oronoco, Payne, Fayette and Pendleton streets to W. B. Jackson for \$1,450.

Charged with Assault.

A warrant was issued this morning for the arrest of a man charged with assaulting a fellow-workman with a stone. The plaintiff and defendant were employees in the Paff Shoe Factory and the trouble is thought to have been the outcome of the action of four men who recently quit work there because their demand for increased pay was refused.

Gift for V. M. I.

The Virginia Military Institute has been presented by the widow of Mr. Edward A. Green, formerly of this city, who graduated from the school in 1876, and was second captain in the cadet corps at the time of his graduation, a very valuable collection of minerals and his valuable library on engineering.

LOCAL BREVITIES.

On the grounds near the shipyard yesterday evening the Rock Points beat the Alexandria Stars in a game of baseball by a score of 17 to 11.

Clarence Wibert and Peter Beach, who on Thursday qualified as U. S. Deputy Marshals, have taken the place of the military guard upon the government reservation at Rosslyn, in the county.

The steam yacht Americas, which was recently rebuilt and made practically new at the Alexandria shipyard, will in future be known as the India, her owner, Mr. Norman Moore, having renamed her a few days ago. The India is one of the largest boats of her class on the river, being forty-seven feet long and having a beam of ten feet.

The schooner Kate and the barge General I. J. Wistar, which have been undergoing repairs at the shipyard, were launched from the ways yesterday. Several other vessels are at the shipyard for repairs. On Monday the U. S. steamer Kearney will be hauled out.

"What day is the Lord's day" (Rev. 1:10) and how should it be observed" will be the topic of a sermon at St. Paul's Church. Tomorrow night at 8 o'clock, Evangelist Lee S. Wheeler will conduct a meeting for children at 4:30 o'clock tomorrow afternoon.

The members of the Alexandria Lodge of Elks will unite with the Washington Lodge in the parade in Baltimore next week.

Arthur Mason, colored, was fined \$5 in the Police Court this morning for assaulting David Johnson, colored.

The rain of this morning stopped the street work.

The wind at times today has been high.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by Richard Gibson.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it fails to digest, it does not assimilate the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by E. S. Leadbeater & Sons.

Monetary and Commercial.

New York, July 18.—The opening stock market averaged up to and slightly above yesterday's close, but was thoroughly irregular. The special list was inclined to be strong. Dealing in bonds were confined to speculative issues. Shortly after the opening a somewhat reactionary tone was developed because of a disposition among room traders to take up accounts over Sunday. The traders had stock for sale after the publication of the unexpected good bank statement and their offerings soon killed the rally which it started. The close was slightly heavy under some pressure.

FOREIGN NEWS.

The international silver conference, which is discussing in Berlin a ratio of exchange between gold and silver countries, resumed its deliberations today. Inquiries in German fiscal circles indicate that no practical results are expected from the conference.

A sensation has been caused in Berlin by the publication of an accusation against the female members of the Bavarian Rhyal House. They are charged with conducting a petition regime, procuring the best appointment for their favorites, permeating the administration with reactionary clericalism and promoting a bitter anti-Jewish crusade. Eight princes are involved, headed by the Bavarian crown princess Maria Theresa.

TELEGRAPHIC BREVITIES.

Justice Samuel Lumpkin, member of the Supreme Court of the State of Georgia, died today at Washington, Ga.

A number of buildings, including the High School at Auburn, N. Y., were burned early this morning, causing losses estimated at \$150,000.

New York City was discussed at Sagamore Hill today by President Roosevelt, Mayor Low and Nicholas Murray Butler, President of Columbia College. Another guest was George Von L. Meyer, ambassador to Italy. It has been rumored of late that the President contemplates sending Mayor Low to St. Petersburg or Rome in a diplomatic capacity. In the event of Mr. Low's defeat at the polls, if he again runs for the place he now occupies, it is believed quite probable that the President would offer him a diplomatic position.

An amicable conference has been arranged in Chicago between representatives of the American Federation of Labor and the Kellogg Switchboard Company.

DOUBLE LYNCHING.

A double lynching of negroes occurred near Chingupin, Aiken county, S. C., Thursday night, as a result of the murder of William Hall, the postmaster at Chingupin, on Wednesday. Neither of the men killed committed the murder. The mob is on the trail of the negro Edwards, who is supposed to have killed Hall, and he will undoubtedly make a third victim if captured. Another negro named Lonny Johnson may be lynched also, as he is suspected to be implicated. The two men lynched were Dennis Head and Jessie Butler. They were presumed to know something of the whereabouts of Edwards, and were killed because they would not tell. Local sentiment very severely condemns the action of the lynchers. A negro was lynched in the present affair two weeks ago for assaulting a white man. A dispatch from Saluda S. C., says information has been received there that two negroes had been lynched on account of the killing of Hall, near Batesburg. The double lynching occurred Thursday night. The negro Edwards, who killed Hall, has not been captured. The two victims were presumed to know Edwards' whereabouts and were lynched because they would not tell.
